

ROBOTIC RETROPERITONEAL UPPER URINARY TRACT SURGERY HUMAN FRESH FROZEN CADAVER COURSE

5 August 2022, Friday

Venue: Koç University Hospital, RMK AIMES*, Istanbul, Turkey

*RMK AIMES: Rahmi M. Koç Academy of Interventional Medicine, Education and Simulation

ERUS Certified Robotic Training Center (ERUS: European Association of Urology Robotic Urology Section)

AIMS AND OBJECTIVES:

Introducing components of Da Vinci surgical robotic system, lectures and video presentations on robotic extraperitoneal upper urinary tract surgical procedures, practicing with Da Vinci robotic simulators and performing extraperitoneal upper urinary tract surgical procedures (partial nephrectomy, nephrectomy, pyeloplasty, adrenalectomy). Live case observation in the operating room will be due to case availability.

COURSE CONTENT:

- Lectures on components of Da Vinci surgical robotic system
- Lectures on robotic instruments used
- Video presentations of robotic extraperitoneal upper urinary tract surgical procedures
- Training on Da Vinci robotic simulators
- Hands-on training on human fresh frozen cadavers:
 - Performing trocar placement
 - Creation of extraperitoneal space
 - Robot docking & undocking
 - Performing partial nephrectomy, nephrectomy, pyeloplasty, adrenalectomy

FACULTY

Jens Rassweiler, M.D.
Professor of Urology
SLK Kliniken Heilbronn
The University of Heidelberg
Department of Urology
Heilbronn, Germany

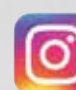

A. Erdem Canda, M.D.
Professor of Urology
Koç University Hospital
School of Medicine
Department of Urology
Istanbul, Turkey

Mutlu Ateş, M.D.
Professor of Urology
University of Health Sciences
Antalya Training & Research Hospital
Department of Urology
Antalya, Turkey

PROGRAM

5 August 2022, Friday

08:00 - 08:30 **Welcome**

08:30 - 09:00 **Lectures & video presentations:**

- Introducing Da Vinci surgical robotic system (principles, components, instruments, docking & undocking)
- Video presentations of step by step surgical techniques with tips & tricks of robotic extraperitoneal upper urinary tract surgical procedures

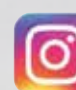

09:00 - 09:30 **Hands-on training with Da Vinci robotic simulators**

09:30 - 12:30 **Performing robotic extraperitoneal upper urinary tract surgical procedures on human fresh frozen cadavers**

12:30 - 13:00 **End of course, closing remarks, presenting certificates**
